“ Agnes was one of the nicest people I ever had the honor of meeting and working with. She always had a smile on her face and cared about her friends and their lives.. After we both left Buchanan General Hospital, we would keep in touch through cards. Even though I knew she was very ill, her cards were always cheerful and full of concern for others.

Agnes loved her family very much and spoke of them often.

I'm sure the Angels in heaven were singing with great joy Saturday as one of their own came home.

I extend my greatest sympathies to Agnes's family.

“ Agnes was such a fun-loving and caring person. I worked with her at Buchanan General Hospital for several years. Agnes always had something to say about everything and she always made us laugh when she would tell us stories about doing lab tests the old-fashioned way. Recently, I had the pleasure of seeing Agnes for one more time and I am very glad that we set and talked for a while. She was always interested in what I was doing now and how my family was. But as everyone already knows.....that was Agnes. Thanks to the family for allowing me to just drop in to see her on such short notice. I am extremely honored to have shared in Agnes' life. I will always remember her..... and to her I wish the fondest of farewells.
