“ *Being her granddaughter she has always been there for me and all her family. She taught me how to really cook but never could sew or quilt. The funniest thing that comes to mind before I got married she came to my household shower. Well when it was over and Rusty came to pack the things up he spoke to her and she told him with no smile that she won't be at our wedding she didn't believe in giving your kids away and then proceeded to say if you ever lay a hand on her she would kill him and walked off. But she took him in as one of her own! Love always her Vickie Sue*
