“ Cathy was my friend (family) I always told her I liked the Boyds so well I Married one. She was super intelligent, and always helped me with my homework, probably wouldn't have made it through school without her help. We had lots of fun too, playing ball, Red Rover, Mother may I and a host of other games, I would stay at her house till almost dark, then go home. They always made me feel like part of the family. We have stayed in touch over the years and when we got to see each other we could just take right off. She will forever be in my heart. Love, prayers and hugs to the family and many friends she has.
