“ Greta and all your family, I am so sorry about your mom. I worked with her at Dr. Schraders office for several years. She was a very kind person with all the patients. Everyone thought she was a wonderful nurse. I knew her well enough to know that her family was the the most important thing to her. I know she will be missed. So sorry!

My family and I extend our deepest thoughts and prayers to you at this most difficult time. Dana's friendship goes back many years for me. We all grew up together laughing and playing and handling the big choices in life like what was our favorite song and what were we going to wear. I remember her laughter and her smile. Please remember her with joy and peace knowing that she made a difference in so many lives.

*God Bless You All!

“ I was so shocked and saddened to learn about Dana's death. Dana and I became friends while working at NHC. She was always someone the resident's could count on to do everything possible for their wellbeing. All of the CNA's loved working under Dana as she was fair with all of us and showed us respect for the job we do. All of the residents and their families are saddened to learn about Dana and wish to convey their heartfelt sadness for your families loss. Dana and I talked often about our children and grandchildren and I know how much she truly loved you. My heart breaks for her mom and dad, her siblings, and granddaughters. There will be a void that cannot be filled except with the precious memories of how much love Dana gave and received. Take one day at a time and remember that she will always be there beside of you to help guide you in the right direction.

“ I would like to send you my deepest sympathy during your recent loss. I had the pleasure of working with Dana and I really did think a lot of her. She was a good friend, a great nurse, and I'm sure a wonderful mother and grandmother. We've all missed her since she left NHC and were always glad to hear from her. There is nothing anyone can say to help during a difficult time like this: however, I personally take comfort in knowing that Dana has gone to a beautiful place and has moved into a brand new mansion. What we need to remember is to live by the example she set so we can go be with her one day. Know that you all are in my prayers and if I can help in anyway please contact me at NHC.

“ Dana's sudden death has touched all of us that worked with her on the 3-11 shift. Everyone loved, respected, and admired Dana for the great nurse and friend that she was to all of her co-workers, residents, and their families. We know how much Dana loved her family and especially her two granddaughters. When Dana decided to take another job to be closer to home, we all asked who would stand beside us, be truthful, caring, and loyal and quickly knew that it would not be the same without her on our shift. There were lots of tears and hugs all around on her last night working here. Now disbelief and a heartache is with all of us. We each have shared a memory of Dana and will never forget having the honor of making her acquaintance. Should you ever need anyone, all you have to do is call and we will be there for you. All of our best wishes to Dana's family. Regards from:

Vivian Kendrick, Dawn White, Diana Hall, Tammy McKinnon, Della Castle, Charla Balthis, Angela Belcher, and Stephanie Osborne.

“ I am very sorry for your loss. Dana was a wonderful person and she always could make people smile. I will be praying for all of you. Dana will be greatly missed by everyone. To her daughters: She made you her life she talked about you both all the time. Losing your mother is one of the toughest things you will ever have to do in life. I lost my mother almost 6 years ago. Just remember to pray to God to help you each and everyday and as hard as it is he can help you. She is in a wonderful place and that is what keeps me going everyday. Knowing that one day I will be able to be with my beautiful and wonderful mother again. My deepest sympathy to all the family.

“ It has been many years since I have seen Mrs. Sayers. She always made me feel so at home, whenever I would come over to visit Greta, one of my dearest friends, and her mother's baby forever. Mrs. Sayers was so vibrant and fun; she not only let us have great sleepover parties, she took part. I'll never forget -among other times - her telling me (a Northerner originally) to try just a taste of Southern grain alcohol on my finger, and it was like fire! Like Greta, she always knew how to add spark to life and make it more humorous. I miss seeing her, and I send my love. Natasha
