“ *Mommy, I know this is crazy to still believe, many years have past, many more just keep raging by. I miss your hugs, the way you held my hand, the way your head pressed against my lap as you'd fall asleep, the way you loved me harder after you were angry, I miss everything. You will always be in my heart. I am married now, with a beautiful baby on the way, your granddaughter. You'd love her already. I will always miss you...almost another year down in a month.. I wish you were here, beautiful. I miss your love. I miss you so much it hurts. I miss my best friend and I wish when I was younger that I would've known it then why you did the things you did..*

“ *Aunt Dolly and family...I feel so bad for everyone. Wish I could think of words to comfort and help, all I can say is my families prayers are with your family. It is so sad that we all never got together more often. I have a lot of good memories of John and Deb when we were growing up and when we all lived in South Carolina. I know God will give you the strength to get through this, just lean on him.*
