“ *Dad, you will be missed by many. You gave a lot of yourself in your time and brought a lot to others. Things I will remember will be those of transmission parts spread across the floor, digging up a new garden spot and selling our veggies from it, mixing cement to build a wall, learning how to change oil build a teepee. You taught us how to survive and to love and take care of our families. Thank You for that, your loving daughter.Denise*

“Dad ; your long trip is over now. Nothing but peace now. Throw the ball with Daniel when you see him. Say hi to Granny for us. I know mom was standing there holding the door as Daniel said "hold on lord, one more". I love you dad. And the boys miss you. I will stay strong as always for my boys. One day at a time, that's all we can do. We all need to step back and learn, because if mom can forgive so can everyone. Dad i have nothing but love and respect for you. I do remember all the good times hunting, fishing, you running the sidelines when i would score a touchdown. Painting water tanks, disagreements on football games. But most of all, just you being my dad. always loved and never forgotten. your son by blood always and forever. spread your wings and fly Daniel and mom are waiting.

love you always dad.
