“ I first met Dr. Moore when I was just a child and he took care of me. I was blessed to be allowed to work with both he and Mary at the Mattie Williams and then again at Clinch Valley for many years. He never changed. Always kind, considerate and caring to everyone he met. I remember him coming by just to visit even after he stopped seeing patients at CVMC and the staff was always happy to see him. RIP Dr. Moore You were one of the good guys!

“ *To Robert, Tom and all the family,*

Your father was a wonderful man and caring physician, who along with a few others at Mattie Williams Hospital approved my first job of working in the lab during the last two years of high school. Following that, I have never forgotten the recommendation he wrote for me, for which I have always been grateful, when I was applying to medical school; it was the most touching recommendation I believe I have ever received. With that recommendation he helped open a door that played a role in the path that my life took and where I am today. I am so thankful that his and my life crossed; it is often the seeming small things that mean so much.

I hope each of you cherish the wonderful memories you have of him/with him.

Sincerely,

Dr. Larry Joyce

“ Oh my where to start. We worked side by side. He was a very caring physician. He was very personable. We enjoyed music. He loved Ricky Scaggs and so did I, so when I worked his office he would always play his tapes. Yes it was that long ago. 🥰 . It was a busy practice but he made it a comfortable place to work. We all loved Dr Moore and Ms Mary. You know someone left a good imprint on life when you mention their name and get a smile from the person listening. When you are receiving family and friends notice the smiles, you will see how many people he touched. What a legacy to pass on to your family. He loved each and every one of you children and was so proud. While he was in the hospital I visited him and we laughed about the old days. I am so glad I got that opportunity, I didn't realize it would be our last.

“ I love Dr. Moore and Mary. Both have been really good to me for many years. I would have a joke for Dr. Moore when we went to take care of the lawn. It wasn't like Dr. Moore and Roy. It was more like Earnest and Roy. He made me feel special. He will be missed. RIP my friend.
