“ Bud and Kathy were both the most amazing bosses I could have ever wished for. Bud had a sense of humor unlike any other I have ever met. He treated me with kindness and taught me how to run a successful business. He wasn't just my employer, he was a friend. He invited me into his conversations with his family on the phone at night and always made me feel like family. He will be missed dearly by me and my girls. They loved going to visit with him. I'm so sorry to his daughters. You're father was one of the great ones.
