“ We both have worked as Trackers at Conol's Buchanan #1 Mine, and Donna still works there in that capacity. (A Tracker keeps up with the location of those underground.)

Our hearts are heavy, and our prayers go out to Todd's loved ones and to the many friends who mourn his passing.

Coal mining is a dangerous occupation. As we always try to say to the guys underground when they call to tell us where they are: "Thank you."

*Don't think of him as gone away
his journey's just begun
life holds so many facets
this earth is only one.
Just think of him as resting
from the sorrows and the tears
in a place of warmth and comfort
where there are no days and years.*

*Think how he must be wishing
that we could know today
how nothing but our sadness
can really pass away.*

*And think of him as living
in the hearts of those he touched...
for nothing loved is ever lost--
and he was loved so much.*
