“ I am very sorry to hear about Ella. My daughter April works at WGTH radio station here in town and it is the only way I found out. She told me about it late last night. I used to love hearing Ella's stories she would tell me each year whenever she would have me put in and take out her air conditioners. And the way she would scold me with her hands on her hips saying "you better be getting those weeds out of your garden" I can still picture her wearing that big old sun hat while she work on watering her tomatoes. I am not good at these things. We will miss her.
