“ Many may not remember that Emmitt worked as a Pharmacy technician while he was completing his RN degree. He was exceptional in this capacity as he was in nursing, often called to start an IV when no one else could. It was a privilege to know him as both a co-worker and friend. May the Lord comfort his family and friends at this time.

“ Buck was always there for me. When my Dad passed away I took it so hard. His hand was and shoulder was there during the entire service. He parked his scooter right in th aisle. An everyone knew better to ask him to move. That's the way he was. A lady told me yesterday if he liked you he would like you forever. He he didn't like you, you would know it real quick. You style how you loved with your whole heart will be so missed. I love you to the moon and back
