“ Ashley Owens and sister are liars. Cassidy Byrd is innocent. Ashley Owens had a previous child meet with the same fate. Corroborating witness is her sibling. The covenant of blood is thicker than water and Cass should be set free.

“ Ethan... 'Little E\*Man' my love <3 Here I sit 3 months later still in shock. My heart still broken at your sudden loss. My world crumbled around me that day and I'm yet to rebuild myself. What I would give to feel your skin once again or to see your smile and kiss you on the head while smelling your sweet, soft hair. You have left an unforgettable place in my heart and mind. So many people forget to remember it seems but I have not forgotten and I will never forget. I see a beautiful flower and I like to think of you for everything that is lovely is in your precious memory. Ethan, I love you with my entire being!! I have to stop typing now the tears are rushing down my face. I love u baby
