“ *Mr. Young and family,*

*I am so sorry for your loss. I will pray for you all and for Pete. Pete was very special to me. I never come home without thinking of him. We use to date back in high school. I still recall all of his smiles and his laughing eyes. We were great friends back then. I haven't seen him in years but I still ask about him and your family. May God help you get through all of this. I will always remember and cherish my memories of Pete.*

*With deepest sympathy,
