“ My heartfelt condolences to Jamie’s family.
I have only known Jamie since October 22 but I wouldn’t be writing here if he didn’t make an impact. We became fast friends and stayed in contact regularly. He was a genuine, kind, sensitive soul who had so much to offer the world. He had an enormous amount of love for his son and would speak often about his love for his mum and sister. I know you’re at peace now my friend.
I adore you and I extend my thoughts and prayers to your family at this very difficult time. Until we meet again your Little Aussie mate.

“ I was proud to have been a small part of Jamie's life. He was a great student and a great athlete. He often made my day by laughing and just being himself. He brought out the best in everyone around him too. May God protect and comfort his family in their time of loss.

“ It's been over 20 years since we last saw each other but my heart still aches the same. You were my best friend when we were little babies and I still can't believe you are gone. I know you are up there watching over your momma and baby boy now. We all love you Jamie ❤️
