“ I love you Uncle Jim and miss you already. I'm thankful you are no longer suffering but I still had a lot of questions I wanted to ask you. I'm sorry we never got around to it. Thank you for always being there for me when it counted and for your advice. You had a special way with words and many opinions but I know it came from your heart. There will be one less seat at our family dinners but hopefully you'll save us some seats up there and we can all be together again someday. Sincerely, one of your favorite heifers haha
