“ To sweet Blake and your family-- My sister was Blake's neighbor until she moved to Richland's about 15 months ago. I visited her often & would see Blake in passing when I was outside & always spoke to him. I always felt sorrow & great empathy when I saw him because I know all about his pain & suffering. I wanted to reach out to him & offer my support somehow but my brother in law explained that he was very private about his health. I never stopped asking about his well being after my sister moved. I so desperately wanted to help. Although I was only acquainted with Blake, I felt like I knew him well, or at least knew exactly what he was going through so I felt a very heartfelt connection without even discussing it with him. It's hard to explain but when you know a person's suffering it goes deeper than saying hello in passing or simply thinking of them as merely an acquaintance. I have walked that path and my journey isn't over but now Blake no longer has to. To the family, I'm so very sorry for your loss and wanted you to know that I cared for Blake & his wellbeing. I never forgot about him nor did I stop asking about him.
