“ My heart goes out to the family. Jerry will be greatly missed. I loved him to death. I had the opportunity to work with Jerry when he was doing some electrical work at our facility. He would just fuss at me and carry on if I didn't have his coffee made for him and Russell. Everyone @ Syncot just loved him so much. He would always make you laugh. Not a day goes by that someone in the plant isn't saying something about Jerry & Russell. He will be greatly missed and hold a special place in our hearts.

“ Wanda & Rose

I was so sorry to hear of Jerry's passing when Sis called me today, I had not gotten a paper and didn't know and I apologize for that. If there is anything I can do, please let me know. We can do resbit if you need and always open for that beautiful little girl to help you babysit if you want or need some time to yourself just let us know, and if you need to talk or cry, I am here to listen, I haven't lost a husband, but I've lost a child and I can cry with you, I know it's not the same, but sometimes we just need someone with us to be there and just sit with not even a word exchanged, and that's okay, we're allowed to mourn in our way way and no way is wrong. I will keep praying for you.

“ We are so sorry for your loss. Jerry was a great man. We knew Jerry and Russell through New South Electric. We only met Jerry and Russell one time but that was all it took for them to leave a lasting impression. Jerry will be great missed. May God be with you through this difficult time

“ Jerry,

I know that you will understand why I couldn't travel today to pay my respects. I am sorry no one called me sooner. I have been up since 3am debating the trip and priorities and issues I have here in Roanoke overweigh and I promise I will come visit your grave soon and chit chat with you. I think of you often and I will cherish my art work that you painted for me years ago hanging in my bedroom. I will greatly miss you and I deeply regret not coming to visit you when I was in town a few weeks ago and allow you to have met Makayla, she has Barnette in her and you would have gotten a kicked out of the little angel. I am sure now she has you to be her special guardian angel to watch over here daily. We all will miss you and cherish all of our memories. Build that family tree in heaven now. Love you.
