“ *Last Christmas you and I were laying there right about now just talking about it was a first that myself wasn't completely alone every holiday & how it was your first Christmas on the streets and not locked up. And despite what our situation currently was, the number, what, or I any presents to open, or the family to spend it with, undoubtedly we both got the overwhelming feeling of “joy” that Christmas is suppose to bring. & for the first, unexpectedly last, & tragically making it the Only Good Christmas you & I had. This Christmas, I hope whoever is spending it with you holds it as tightly as I do your memory and knows exactly how special the opportunity to do so is. Cause I know everyone down here wishes for nothing more. MERRY CHRISTMAS BABY. I love you. ❄️*

“ I miss you so much please come back 🥺. I'm not the same man. I can't stop thinking about you. You were my bestfriend, my go to, everything man. I just wish you would show me the way. And let me know which direction to go to.. I'll forever have your back babyboy I promise you that. I've held you so many times while you've literally sobbed couldnt breath type shit you were so comfortable opening up and talking about your feelings and expressing yourself with me. And even when you were stubborn.. so stubbornn I still knew whenever something was wrong just by looking at you, hearing your voice, definitely seeing you.. everybody else would say he's fine man. But he already knew I knew. were cut from bandannas stick as he'd say 🤔🤔. He'd always ask me how I knew something was bothering him though. I'd tell him I don't know I can just feel it. And that's just the truth my tummy would always get those weak spots. And you already know I always point the obvious out. He'd always call me for literally everything, “dragging their face off” especially cause he knows I'll always go ttg but I had to stop jumping as quick cause he already knew I gotta be straight when you're weak yano?? Shew I wish you'd just call me and ask me to come get you like you always have 🥺 it's not the same anymore. I'm not happy... I want you back here with me. I would've MADE you do things so much different.. sooo much different. I just wanted you to know that you and every memory of us together will forever hold place in my heart. And on replay in my head it's almost unreal for real. I'll love you. Forever Marty Alex. I wish I could talk to you and hold you one last time.. till next time my love

“ I have no words babyboy, I miss you so much my mind is going crazy I wish I would've been able to see you just one more time.. your babies loved you so dearly.. as well as everyone, I'll never be able to have the bond that we had with anyone else, we were so much alike it drove you nuts silly.. I wish you could've stayed so much longer.. it wasn't time love. It wasn't time I should've been able to see your sweet face so many more times.. we were gonna grow old stick. Forever and ever my bestest friend ever.. nobody will ever replace.. nor will this life ever give me somebody like you ever. You broke my heart man. I'm so happy you're at peace now. No more suffering love. Fly high love. I hope you rest so peacefully with your poppaw. I know that's all you ever wanted back in life. You just wanted your babies and to be with your poppaw.. watch over me please. I don't know how this life will ever be the same without you stick. I miss you so much 🥹
