“ *Lisa, it seems like I have known you forever. I met you for the first time when you were a little girl coming to the restaurant where your mom and I both worked. I watched you grow up and then you were the mom. You worked in my dept. for a while when you were trying to get the money to go to the beauty academy, then you became a hairdresser. It didn't matter how long it had been since we had seen each other you were always ready to talk and always so proud of your daughter. It is so hard to believe you are gone. May your smile shine bright in the memories of all. Peggy*

“ Doris, my heart goes out to you in your time of need. Sometimes in life special friends come around and influence who we are later in life, and Bertha was special in mine. She was an integral part of my growing up years and I will always remember her for the good times and sad times that we had. I am so glad I got to see her that day when I was in for vacation. Lisa was always laughing everytime you saw her no matter what was going on in her life and that is the way I will always remember her.
with deepest sympathy,
faye
