“ Please accept my deepest sympathies for your loss. Pam was such a wonderful person. I met her in 6th grade, and we were good friends all through school. I have often wondered through the years where she was and how she was doing. I got her address last week and I was so excited to write to her and find out where life had taken her. She truly was a special person and I will miss her very much. She had a great sense of humor and could always bring a smile to my face. I am so sorry that I cannot be there for the funeral. Please know that the entire family is in my thoughts and prayers.
