“ *To the Lester Family,*

I am so sorry about Phyllis's passing but I'm sure she did it with a smile-the same smile she always had even when she was not feeling her best.

Every time I went to the bank she and I had a "giggly" conversation about our grandchildren. She was always so very nice and sweet to the people she came in contact with and her shining smile will be missed.

My thoughts and prayers are with you all.

“ *Though we only met Ms. Phyllis a few times, we knew how wonderful she was through her son Matt and his family, dear friends. Our hearts are breaking for each them as they grieve the loss of their mother/grandmother. They all gave her their love so unselfishly, unconditionally and was by her side throughout her pain. Each time we saw Ms. Phyllis she was always smiling with such elegance and treated our son with much kindness. Her family loved her dearly and is sure to miss her for years to come. Our thoughts and prayers are with all of them more than usual during this difficult time. May God wrap his love and tender mercies around each of them, bringing them comfort they need.*

“ Dear Paris and family,
our prayers and thoughts are sent to you this day, wishing there were words of comfort that could take away the pain and sorrow. May you feel God's love and His sustaining arm today and through the tomorrows.
Even though not present with you, may the depth of Phyllis' love and strength of character find you when most needed to help you through days ahead.
I remember Phyllis calling herself " your lucky charm, your lucky gold piece" as she stood next to you watching you win during one of the family's famous card games. It was the look on her face that I remember so vividly - sheer joy! zeal! fun and laughter of that moment! I consider myself lucky to have been influenced by her love of life and how she fought to hold on to it. Phyllis is a "gold coin" we all will carry in our hearts.
Our love and deepest sympathy,

“ I will miss seeing her sweet smile when I am there. She is loved more than she could ever imagine. My aunt is such a huge inspiration to so many of us. I have only known three people in my life to be so strong and to never lose faith and to keep smiling through the entire painful journey. I will think of her often as my personal inspiration as I fight to keep my illness from taking control of my life. I can only pray to have the faith and strength that she had. Never did she sit around and complain and feel sorry for herself as most would. She continued to be a loving wife, mother, and grandmother during her journey. If anything, her family gave her more strength to fight. We had a very nice talk the last time I was there. She came to see me even though she was suffering so bad at that time. I will never forget the gift and love that she gave just by being there. I will miss you so much Aunt Phyllis. With God's blessings, I will see you again one day.
With all my Love,
Donna
