“ *I am heartbroken to hear about Tabitha. I have fond memories of the years I worked with her on homebound. We spent so much time together that I feel more like she was a friend rather than only a student. Tabitha was special to me and was a special child who touched the hearts of those who knew her well. I don't know what to say, except that I am so sorry for your loss. Dear family, you are in my thoughts and prayers.*

“*Tabatha, I miss you so much that sometimes I can't even stand the thought of living this life without you. I no longer have you here to comfort me when I am hurting. We did have a lot of downs and life was hard because we didn't have a whole lot to work with but we always made the best of it. I am haunted daily by the thought that I wasn't there to help you when you needed me the most. I will never forget you and there will always be a hole in my heart where my love for you will always be. No one can take away the pain that I feel everyday when I think about how much I wish you were here with me right now. It is now December and it still seems like it was only yesterday that I was looking into your eyes telling you how much I truly loved you. I will miss you until I breathe no more!*

Leshia and Rocky, I don't even know what to say at this point, I spend so much time trying to cope with this myself that sometimes I wonder if I am just being selfish when I don't call or ask how you guys are doing. I am so sorry that I wasn't there for your baby, please forgive me but know that I will never forgive myself... You know that if you where to find me if you need ANYTHING at all. I will do my best to be there if you do.

I just wanted to love Tabatha and take away the pain brought on by what she had seen and been through in this world, and I guess I never really was too good at that, but I tried. The only comforting thought is that she no longer has to deal with all the pain that we both felt everyday. She is much better off now and I truly believe that someday our souls will reunite. She was my best friend, my lover, and my soul mate...I will never forget you baby

*I will always love you,
Jason*

“ Tabitha will be sorely missed by those people who knew and loved her. I knew her for about 3 years and I learned to have respect for the way she was. She was who she was, like it or not. She was one of a kind. Rocky, Leisha, and Kim, I know this is a very, very tough time for you all. But remember, we will all meet again one day on the other side, and Tabitha is in a far better place than we will ever know in this lifetime. Trust in God and life eternal, try not to worry. We will see her again, and just imagine what she is gonna say to us.

“ It has been almost 2 weeks now and I still can't believe this is real. I feel like I'm going to wake up anytime now from this terrible nightmare and Tabatha will be calling me.

Tabatha was not only my daughter-in-law, she was like one of my kids. She knew she could call me anytime and I would be there for her and Jason. I miss hearing her voice on the phone or going down to visit her and Jason and of course their 2 precious dogs.

I know without a doubt in my mind that Jason loved her dearly as she did him. They had their ups and downs just like any married couple, but they loved each other with all their hearts.

Rocky and Lishia, I want you to know that if you need anything just give me a call. I can't even imagine what its like to lose a child, but I know it has to be the hardest thing in life to deal with. Please feel free to can call me anytime day or night even if you just need someone to talk to or just to listen. My heart goes out to this entire family and Jason.

Tabatha will be missed everyday by alot of people. She was one-of-a-kind.

All of you are in my thoughts and prayers everyday.

*Love,
Susan*

“ Hey, I just want to take a couple of minutes to tell you how sorry I am. Tabatha was always like a sister to me just as Kimmy was. I just want Rocky and Leashia to know that you guys have always been like a second family to me and I love you guys so much. I know it is hard and I couldn't imagine what your guys are going through, how truly hard it must be. But I want you to know that I am here for you if you need anything at all even if it's just someone to talk to. Right now i am just right up the road just give me a call and I'll be there. I love you all!!!!

“ *People never knew just how much she meant to me and you
They knew her by name, but it's still not the same*

*Her eyes so bright, her smile so wide
We always let her know we were right there by her side*

*Now she's gone from me and you
Now we have no reason to be blue*

*We loved her, she loved us
And we have to try not to fuss*

*She said goodbye and gave you a kiss
Now all we can do is reminis*

*Why does God take those we love
Up to that great big world up above?*

*Her memory will never leave
Her kind and gentle smile will always be seen*

*I'll never forget her, never let her leave my mind
I told her I loved her just one more time.*
