“ *Teresa and I started working at Clinch Valley Physicians at the same time. We graduated together. I didn't get to see her often but when we did run into one another we would catch up on things. I am so sad for those of us who are left here but Teresa will be a shining star in heaven. I know the Clinic will not find anyone to measure up to the standard that Teresa set. We will miss you my friend.*

“ Teresa was not only my supervisor but a wonderful friend and person. She was a part of our family that we spent more time with than our own family. She is will be truly missed. She was a very dedicated, intelligent, and dear person that was a shining asset to the clinic. She was always there for all of us, and took care of us as if we were her own blood. She encouraged us to shine and give all best in whatever we did in our jobs and not to be afraid to stand up for ourselves.

Teresa is surely going to missed by all at the clinic that cherished and admired her. I know heaven has a very dedicated and special angel now. Our lost is heavens' gain. I loved being able to share memories with her family and her dear friend, Lynda. Being able to be with them and my family from the clinic made it easier to let go of such a wonderful woman, and feel a sense of happiness that she was in heaven with all her other loved ones and friends that she cherished in her heart.

Teresa, I will miss you deeply and grateful for everything you taught me to be able to handle what life sends my way. I love you!!!

“ As A young scared girl who started working at the Clinic when I was only 16 years old Teresa took me under her wing and really taught me so many things about computers and all the things that go on behind the scenes of a clinic. She was one of the hardest workers I have ever met. She truly was dedicated to her work and she couldn't leave until her projects for the day were done. She was not only my boss for many years but she was truly a friend who really touched my heart in so many wonderful ways. She was a kind and generous hearted person. She will never be forgotten and she will always remain in my heart. To her family I am so sorry for the pain that you are feeling right now and my heart goes out to you as her family. She may be gone but her memory will live forever because she was one of a kind.
